Professional Surgical Instruments Range

info@mediverseintl.com
www.mediverseintl.com

Our Vision

Focusing on ultimate leadership and serving humanity with our Quality Instruments.

Our Mission

We will create a new concept of market leadership. We are serving humanity with high quality, safe and durable products.

We will enhance this vision by giving exceptional after sales services and support to our clients.

We will serve the mankind aiming to upgrade health care care services and providing patients and doctors with latest and highest medical services quality.

Our Goals

Producing an internationally quality standard instruments.

Improve our products quality and after sales services to meet the international standards.

Exceed our client's expectation and desire.

Proving our credibility and reliability related to all technical as well as ethical aspects.

Different Types of Finishing

Standard / Dull Finish

Instruments with their real original stainless steel image supported by a satin/dull finish with minimal light reflection. Those instruments are the standard used by all surgeons everywhere. You can easily find different varieties and different specialties available on our stock.

Mirror Finish

Standard finish made of high quality stainless steel provided in a shiny mirror finish.

Those instruments are made upon customer request to have this unique image and shine of silver. It gives the instrument a shape of dignity.

TC Gold Finish

These types of instruments have a Tungsten Carbide tip with Gold plated handle. These types of instruments have a very long working life.

Color Coated Finish

Titanium or Plasma Color coating is mostly used in Beauty instruments which makes the items very durable, safe from rust, and also makes them very shiny, color full, eye-catching. It is available in different colors.

CORPORATE GOAL

To be the market leader in manufacturing world's finest Surgical & Dental Instruments, at the most competitive prices.

Never compromise on Quality!

During the initial years of our formation, we worked hard to precisely understand the requirements of our respected customers, which has gradually improved over time. As our guiding philosophy, we put the concepts of "Customer First" and "Quality First" into practice, to respond to the expectation of our customers.

QUALITY ASSURANCE

Our commitment to the quality ethics and performance of all our instruments is demonstrated by our accreditation to the International quality assurance standards of ISO 9001:2008, ISO 13485:2003, cGMP & CE.

GUARANTEE

Our guarantee is your complete satisfaction.

We take great pride in our reputation for manufacturing "consistent" quality instruments as per our customer's requirements. We offer our customers a complete guarantee when it comes to the workmanship and materials of all our products.

R&D

Our company take R&D as a continuing driving force for the research and development of our Instruments. Our company is well equipped with in-house R&D department, with state of the art machinery, where every piece is put through stringent tests before its final assembling. It provides us ample scope to adapt the needs of our valued clients.

CHILD LABOR POLICY

As good corporate citizens and most importantly as a matter of social responsibility, we are committed to the ideas of protecting children from the exploitations of child labor. We strongly believe that the future growth of children, of their communities and the country as a whole is best served through education, not child labor.

REPAIR & RESTORATION

We offers complete surgical and dental instruments repair and restoration service, utilized in all kinds of operating procedures at very competitive rates.

Our services include, but are not limited to, complete set restoration, instrument customization, gold plating, laser/chemical etching, coding, final finishing, Re-Polishing and most importantly the functional performance of an instrument and its aesthetic appearance.

OEM MANUFACTURING

We not only manufactures fine quality surgical instruments, but we also provide complete modification and customization of instrument design according to its specific usage. All OEM instruments are carefully hand crafted with details to guarantee quality and exact specifications.

We can work pretty much on anything, from physical samples to hand drawn sketches, high precision 3D CAD models and drawings.

Our experience and knowledge in hand crafting surgical and dental instruments, combined with modern engineering capabilities, allow us to adopt the finest techniques to apply to each product, to accomplish the outcomes our customers require.

Fiber Optical (Pocket Style)

2.5v LED

Modern pocket otoscope compact design. Handy and powerful.
Distal Fiber-Optic (F.O.) illumination 4mm bundle with Enhanced LED Technology.

Attachment clip with integrated on/off switch.

Power Supply: 2x AA Batteries (not included in set).
Packing: In Gray or Black pouch with 10 disposable Specula Dia 2.5mm & 4.0 mm

Available Colours: Blue, Green, Brown, Red

MV-176-023

Conventional (Plastic Head Otoscope)

2.5v LED

Equipped with an easy to use Bayonet connecting system with high quality plastic head. Chrome plated knurled battery handle makes surface, a secure grip in the hand. Extra bright light of 2.5v LED bulb illumination.

3 X High Quality magnifying Lens.

Power Supply: 2x AA Batteries (not included in set).
Packing: In Gray or Black pouch / plastic box with 10 disposable Specula Dia 2.5mm & 4.0 mm

Power Supply: 2 x AA Batteries (not included in set).

Packing: Hard plastic case packing.

**MV-177-025****(Ophthalmoscope)**

Parker mini Ophthalmoscope with 2.5v LED bulb light for true tissue color and consistent long lasting illumination 24 color coded lenses - 25 to + 40 for excellent resolution (Red for - Green for +) Rubber eye brow rest to prevent scratching of eye-glasses illumination lens dial for clear identification of adopter setting.

Power Supply: 2 x C Batteries (not included in set).

Packing: Hard plastic case packing.

MV-178-026

Fiber Optic (ENT DIAGNOSTIC SET LARGE)

An ENT diagnostic set consists of different ENT tools that are used in the examination of the ears, nose and throat. Our Fiber Optic Diagnostic Set consists of following.

Handle for Otoscope and Ophthalmoscope with Bayonet Connection System.
2.5 V Led Otoscope Head.

1 Ophthalmoscope, 3 Reusable ear specula, 1 Curved Illuminator
2 Laryngeal Mirrors, 1 Tongue Depressor Support for disposable tongue depressor, 1 adjustable nasal speculum fitting., 20 pcs (2.5mm & 4.0mm, 10 each) of mini specula packed in transparent bottle. 2 spare LED bulb

Power Supply: 2 x C Batteries (not included in set).

Packing: Light weight zipper case.

MV-178-027

Conventional (ENT DIAGNOSTIC SET)

Handle for Otoscope and Ophthalmoscope with Bayonet Connection System.
2.5 V Led Otoscope Head.

1 Ophthalmoscope, 3 Reusable ear specula, 1 Curved Illuminator
2 Laryngeal Mirrors, 1 Tongue Depressor Support for disposable tongue depressor, 1 adjustable nasal speculum fitting., 2 spare LED bulb

Power Supply: 2 x C Batteries (not included in set).

Packing: Hard plastic case packing.

MV-179-028

(ENT DIAGNOSTIC SET LARGE)

Handle for Otoscope and Ophthalmoscope with Bayonet Connection System.
2.5 V Led Otoscope Head.

1 Ophthalmoscope, 3 reusable ear specula, 1 Curved Illuminator
2 Laryngeal Mirrors, 1 Tongue Depressor Support for disposable tongue depressor, 1 adjustable nasal speculum fitting., 2 spare LED bulb

Power Supply: 2 x C Batteries (not included in set).

Packing: Hard plastic case packing.

MV-179-029

3 mm FIBER OPTIC LIGHT

Flexible Tip Fiber Optic (F.O.) Laryngoscope Blade FIBER OPTIC LIGHT

This Flexible Tip Blade is a Macintosh Laryngoscope Blade with a tip which is adjustable through 90°. A lever controls the tip angle during intubation to lift the epiglottis, giving a clear view of the vocal cords. 5000 individual micro-fibers in 3 mm Fiber Optic tube improved light transmission and longer life.

- ✦ Outstanding light intensity with LED illumination through extra strong fiber bundle.
- ✦ Swiveling blade tip facilitates difficult intubation.
- ✦ Reduced likelihood of damage to teeth and soft tissues.
- ✦ Reduce the force required to visualize the Larynx.
- ✦ 303/304 type high grade Stainless Steel with Satin Finish.
- ✦ Fully autoclavable and easier to clean.
- ✦ Fiber Optic handle Requires 2 X C size batteries.
- ✦ According to ISO 7376 Standard.

The light bulb in the blade can easily be changed.

- :- Outstanding light intensity with LED illumination.
- :- 303/304 type high grade Stainless Steel.
- :- Satin finish laryngoscope blade reduces glare, ensures safer intubations
- :- Smooth knurled Handle provides grip without risk of tearing gloves.
- :- Fully autoclavable and easier to clean.
- :- According to ISO 7376 Standard.

Power Source

- :- All our Conventional handles are powered by
- Standard battery handle: 2 "C" size
- Pediatric battery handle: 2 "AA" size
- Stubby battery handle: 2 "AA" size

BLACK JACKET LIT LIGHT

Plastic Heel

Disposable Macintosh Laryngoscope blade with 4 mm plastic end lit Fiber Optic, it is processed from plastic Fiber Optic. We coat a plastic PVC jacket to protect inner fiber, working well keep it longer life and get more brightness black jacketed from Illuminator.

- :- Blade made of 304 type non-magnet stainless steel with plastic heel.
- :- Smooth shape avoids sharp edges and cavities.
- :- Integrated Fiber Optics for the best possible illumination.
- :- Compatible with all standard Fiber Optic handles.
- :- Disposable fiber Optic handle, made of silver, with LED light.
- :- According to ISO 7376 standard.

Power Source

- :- Watch-size lithium batteries are pre-installed for quick single use, and are easily removed for separate disposal. These Fiber Optic disposable handles will illuminate blades for up to 5 hours.

Available Colors: Blue, Yellow, Black, Green
